

Ci-Bo Hill to Be Reopened

The old Ci-Bo Hill winter sports area on Rennie Hill at the south city limits will be available for sled and toboggan activities during the coming winter season, the joint city-school recreation committee decided at its meeting Wednesday.

Committee members agreed that Ci-Bo be opened for sliding and tobogganing, but there will be no supervision of activities at the site

and persons who use the area are urged to observe the rules of safety and courtesy.

Ci-Bo Hill was the forerunner of the Hickory Hills community winter sports area and was a popular spot before the facilities were transferred to Hickory Hills when the sports program was expanded.
