**IRON MOUNTAIN (UPI) — A Dickinson County ski resort, Vulcan USA, will be offered for sale next month as part of a foreclosure action against the stockholders of Norvul, Inc.**

**Officials have set Sept. 22 as the date of sale, which will be held at the Dickinson County Courthouse in Iron Mountain.**

**Three Dickinson County banks initiated the foreclosure action last year against Norvul, the former operator of the resort, to satisfy a mortgage on the resort property.**

**Vulcan USA opened in 1975 as the first part of a planned \$2.5 million, year-round resort complex. The rest of the project never was completed.**
