MARGIN

Lew Cornelius' SCOREBOOK

THE winter wonderland fashioned the past few days by the weatherman for Wisconsin's outdoor sports lovers prompts a few ski notes for the enthusiasts of the slap-boards today.

The Wisconsin conservation department has prepared a complete list of areas in the state which this season should give the outdoor sportsman a splendid chance to enjoy his favorite sport.

New areas and new facilities at the old wintertime winter sports centers have been developed. Since Wisconsin snowfalls vary from 30 inches in the south to 115 inches in the north, Wisconsin is an ideal spot for the serious skier. (We got a fine start on the snow blanket in these parts and should go way over that 30 inch total before Mar. 15.)

The conservation department notes that railroads, buses and airlines offer good service to all the popular areas and excellent roads are maintained to and at the areas being developed.

It is suggested if you plan to use over-night accommodations that they be made in advance.

Here's the breakdown on the important centers:

DRAKE GETS A LOT OF 'EH — Dean Showers, former Janesville and Wisconsin Rapids prep cage star, is currently on the Drake university basketball team. Along with him is Jim Thomas, LaCrosse beanpole center (6-7). Thomas, known as "Skinny" in high school because of his build is reportedly adding poundage. He's now 195 pounds, outgrowing that "Skinny" tag.
